A-Plus *Early CriticalCare*

Description

A-Plus *Early CriticalCare* is an optional unit deducting rider attachable to a regular premium Investment-Linked Insurance plan. It covers up to 92 critical illness events, ranging from low to high severity level.

Features and Benefits

1. A-Plus *Early CriticalCare* covers critical illness even at its early stage.
2. A total of 92 critical illness events are covered under A-Plus *Early CriticalCare*. These critical illness events are grouped into 36 categories with severity levels ranging from low to high severity.
3. Benefits shall be payable based on the percentage of the rider sum assured, depending on the severity level of the critical illness events:

Severity Level	% of Rider Sum Assured
Low severity	30% per category
Medium severity	60% per category
High severity	100% per category

4. A-Plus *Early CriticalCare* allows multiple claims for different categories or across severity levels within the same category, and there is no waiting period between claims.
5. Only 1 claim is allowed under each category per severity level.
6. Benefits payable under lower severity level shall accelerate the amount payable for higher severity of the same category. No benefit shall be payable for a lower severity claim if a higher severity claim has been made under the same category.
7. For the 4 pairings of critical illness events listed below, if a subsequent claim with higher severity is of a different critical illness category as the earlier claim, any benefit paid for the earlier claim shall accelerate the subsequent claim payable:
 - (a) Early Loss of Independent Existence, Early Alzheimer's Disease, Moderately Severe Alzheimer's Disease
 - (b) Early Loss of Independent Existence, Early Parkinson's Disease, Moderately Severe Parkinson's Disease.
 - (c) Early Coronary Artery Disease, Pericardectomy, Minimally Invasive Direct Coronary Artery Bypass Grafting (MIDCAB)
 - (d) Other Coronary Artery Disease, Pericardectomy, Minimally Invasive Direct Coronary Artery Bypass Grafting (MIDCAB)

No benefit shall be payable for the subsequent claim, if the subsequent claim is equivalent to or lower severity than the earlier claim, despite from a different critical illness category.

8. A-Plus *Early CriticalCare* also pays 20% of the rider sum assured upon diagnosis of any of the covered Diabetic Related Disease:
 - Surgery for Type 2 Diabetic Retinopathy; or
 - Limb Amputation due to Type 2 Diabetic Complications; or
 - Severe Diabetic Nephropathy resulting in Kidney failure.

This benefit shall be payable once throughout the policy term and the benefit paid under this benefit shall not accelerate the rider sum assured. This benefit is not payable once 100% of the sum assured is paid for other covered critical illness events.
